Looking after yourself during the summer

We know the last few months have been challenging, but we want you to know that we're still here to support you over the summer, wherever you are.

If you need wellbeing advice or support, take a look at our [wellbeing support webpage](#) to see how you can get the help you need.

And remember, you can still access e-books, databases and journals to brush up on key study skills [online](#).

Provisional resit timetable

A provisional timetable will be available in myUWE from this Wednesday, 8 July. This timetable is based on your provisional results, and the modules you will need to resit may change should your provisional results change. Your final timetable will be confirmed when your results are published week commencing Monday 20 July.

If you do not require a resit at this point, you will see the module removed from your timetable. The dates and times of the assessments are final, so will not change.

[When are final results out?](#)

Support during the resit period

Unlike the main assessment period, you are not able to request a Five Working Day Extension, so it's important to get in touch with a [Student Support Adviser](#) or [Information Point](#) to understand what your options are. If you experience difficulties as you plan for your resit, please get in touch so that we can help.

If you previously used the 24 hour window for the submission of late assessments, as with your first sit, you will not have this option. We've continued support by applying [personal circumstances](#) to you all so that you do not need to submit an individual form and evidence.

If you experience any technical difficulties during your online assessment, please let an [Information Point](#) know.

We're upgrading Office 365

We're migrating you all to the same version of Office 365 as staff, so you'll have access to its full capabilities. There's a few things you need to do, so take a look at our helpful guide for more information.

OneDrive and Outlook will be unavailable from **17:00 on Friday 24 July** until **08:30 on Monday 27 July 2020**. If you need access to emails or files for any reason (including resit coursework you may be working on), save a copy elsewhere or email it to your personal email account.

Changes to Adobe licensing

You may be aware that Adobe's provision of Creative Cloud licensing to all higher education students ends today. We are working with Adobe to extend access for students who require Creative Cloud to support resit coursework.

If you lose access but need Creative Cloud to prepare resit coursework, please contact your module/programme leader.

New accommodation build proposal

Our neighbours surrounding Frenchay campus are being asked for their views on proposals to build additional accommodation for 2,250 students on campus, and we want to know what you think too!

This exciting development will help to meet strong demand for campus living and our promise in UWE Bristol's Strategy 2030 that we will guarantee on-campus accommodation for all of our first-year students.

HELP US SHAPE OUR EQUALITY, DIVERSITY AND INCLUSIVITY

We have put together a survey, to understand what EDI history months you would like to see at UWE Bristol and to get your suggestions!

Our history months take place throughout the year and aim to celebrate and raise awareness on a range of historical movements.

The survey is anonymous, and everyone who completes it will be put into a draw for a chance to win a voucher for an online ethical superstore. It takes 10-15 minutes to complete and closes on **Friday 10 July**.

Watch out for a scam targeting international students

What is the scam

It involves a student being contacted by someone reporting to be from authorities. They tell you that you've been identified as being involved in a crime in your home country and that you're going to be arrested. They then request a large sum of money to prevent further action being taken. False official identification and reports are used to convince you that this is genuine.

What should you do?

If you receive such a call, seek urgent advice from a trusted person and also [contact us](#). We can then help you establish the nature of the call – it's most likely a scam.
