Starting your course is a big step...

Maybe you've just left college, maybe you took a gap year or maybe you fancied a change from the 9-5. Whatever your story, don't worry - we're going to make sure you fulfil your potential!

There might be hurdles along the way but rest assured, you'll get all the support you need to succeed with your studies.

Where to find your course materials

[myUWE](#) is your online student portal. You'll use it to access Blackboard, teaching and exam timetables, your university emails and your library account.

Blackboard is where you'll find everything to do with your course, such as module handbooks and lecture notes. Some taught sessions recorded through our [event capture](#) system will also be available here - so you can easily review them again in your own time!

Resources for your subject, e-journals, past exam papers, study skills training - our libraries have it all.

Our staff will help you find what you need. And even better, our Ask a Librarian live chat is available 24/7, so you won't miss out if you're not on campus.

Student Reps represent your voice

You can talk to them if you have any issues with your course and they'll work with staff to improve things.

Reps are usually elected at the start of term and anyone can put themselves forward. Could it be you?

We've got a great group of second year students known as PAL Leaders (PAL stands for Peer Assisted Learning). They'll help you master concepts covered in your modules - after all, they did them last year!

And it's not just your course they can help with - PAL Leaders also run academic success, emotional resilience and careers and employability workshops.

Our [academic regulations and procedures](#) are in place to make sure you're treated fairly. You agree to them as part of your registration.

We know they can be tricky to understand, so the best thing to do if you've got any questions

about your studies is to contact an [Information Point](#). You can also pick up an Academic Survival Guide at the main [registration event](#).
