Hi!

We're so pleased you've chosen UWE Bristol. You've got an exciting few years ahead of you.

Starting at a new university in a new country can be daunting, but we're here to help you every step of the way. We're sure you've got lots of questions – so you'll find lots of useful information in this guide to help you settle in. The orientation programme is designed to provide you with information and advice to ensure you receive all the support you need to get the best from your time at UWE Bristol.

From helping you develop your academic skills to supporting your wellbeing – we have advisers who can help with anything. All you need to do is contact an Information Point and speak to one of the team there.

We're looking forward to getting to know you!

Teresa, Nic and Carmen

Checklist: things to do when you arrive

Full details about what you need to do when you arrive are available online – but here’s an overview to get you started.

Register online and pay your tuition fees

First of all, you need to complete your online registration. This involves confirming your personal details, paying your fees and agreeing to our Terms and Conditions. **my.uwe.ac.uk**

You can pay your fees in full or set up a direct debit to pay in instalments. If your employer or another sponsor is paying your fees you will need to complete the appropriate forms. **uwe.ac.uk/courses/fees**

Be aware of fraud

Students are being approached by individuals offering to pay their fees at reduced rates or under special conditions. Fraudsters may present themselves as legitimate agencies or associates, they may be a friend. Never respond to these offers and **always pay your tuition fees direct to UWE Bristol using the authorised payment methods.** Information on paying your fees is available **uwe.ac.uk/courses/fees/paying-your-fees**

If you believe you have been a victim of fraud or have any questions **contact us.** If you are experiencing difficulty making payment contact **credit control.**

Visa and passport scanning

You will need to have your passport and visa checked when you arrive. You will be able to book an appointment to attend a Right to Study check once you arrive in the UK on this [link](#).

You also need to make sure you update your details with the University if you get a new passport or visa during your studies, you can book an appointment on the same link throughout your studies.

Submit a photo via myUWE

Remember to upload a photo for your university ID card on MYUWE portal. If you need help, take a look at the registration guidance [here](#).

Attend the International and European Student Orientation

We run an **orientation programme** in September and January for all new international and European students. It's a chance to make new friends and find out everything you need to know about living in the UK.

Find out more on [page 7](#).

We encourage you to follow **UWE Bristol Global** on instagram and regularly visit the international students' events website for information about current and future events! uwe.ac.uk/events/international-student-events

Attend your course induction

Your course induction will tell you what you can expect from your course and gives you the opportunity to meet your tutors and other students.

It's compulsory to attend – your Preparing to Study materials and your timetable (available on myUWE) will tell you where you need to be.

courses.uwe.ac.uk/joining

Check you have your IT login details

You should have received your university username, password and email address to your personal email account. You have the option to change your password to something memorable.

If you didn't receive these, contact **UserIDLetter@uwe.ac.uk** and they'll re-send the email.

Connect to the WiFi

You can access free WiFi across all of our campuses – just look for the 'Eduroam' network.

Your username is your university username (e.g. a7-smith) followed by @uwe.ac.uk (so it'll look something like this: a7-smith@uwe.ac.uk).

Your password is your university password.

Open a bank account

It is essential to have a bank account to help you manage and access your finances whilst you are a student in the UK. UWE Bristol outlets on all campuses no longer accept cash. Further details can be found on **page 14**.

Spend some time comparing banks before you open an account – think about its location, opening hours, services and account charges.

Lots of UK banks offer free basic accounts. Some require a minimum deposit or have a monthly fee.

To open an account you'll need a UWE Bristol bank letter confirming your student status and residential address.

You can download your UWE Bristol bank letter from MYUWE; see our banking and finance page for more information:

uwe.ac.uk/life/money-and-finance/banking-and-finances

You can choose to set up an account with a Mobile-only bank. These digital banks offer all the usual banking services but do not have high street branches.

Some online banks don't require a proof of address, meaning you can set up an account before you arrive in Bristol. You can compare online banks on **Save the Student**, and read this **Monito article** to consider options.

Register with a doctor

We strongly recommend that you register with a local general practitioner (GP) within the first couple of weeks of arriving at university, even if you do not feel ill. This is to make it easier to see a doctor when you need to, as GPs are often unable to give appointments to people not registered at their surgery.

The University Health Centre on Frenchay Campus is open to all students—no matter which campus you're studying at. You can register with them **online**.

Alternatively you can find doctors, dentists and opticians close to where you live on the National Health Service.

www.nhs.uk

Once registered with the NHS, you'll receive a medical card and NHS number.

If you fall ill when you are away from Bristol, any doctor in the UK will see you as a temporary resident.

Please see further information about accessing medical care on **page 16/17**.

UWE Bristol Eye Clinic

You can receive a free eye examination as a UWE Bristol student. We also offer specialist services for the local community.

You can book an appointment **here**.

Driving in the UK

Before driving any vehicle in the UK, you should check that you meet all of the legal requirements: and that you are aware of the correct procedures, which may be very different from your home country. Find out more information on the **UKCISA** webpages including learning to drive in the UK.

If you have an existing driving licence, you can use the tool on the Government website to check whether you can use it to drive in the UK. **gov.uk/driving-nongb-licence**

International and EU student orientation

We run an orientation programme in September and January for all new international and European students. It's a chance to make new friends and find out everything you need to know about living in the UK. This includes a range of activities to introduce you to university life, the wider city of Bristol, and plenty of fun social events run by the Students' Union. View all the events planned for **orientation**.

We know it's important for you to settle in quickly. Our events will help you settle into your surroundings and studies at UWE Bristol. You will have plenty of opportunities to meet your international peers and connect with other students.

The Students' Union events

Visit **thestudentsunion.co.uk/whatson** for everything the Students' Union have to offer to help enrich your university experience. Don't forget you can find all about this information during Freshers' Week. You can find more on **page 23**, or visit **thestudentsunion.co.uk**

The Students' Union at UWE Bristol is a great place to socialise and build a community, which is an important part of life at university.

So, we encourage you to join in and explore all the fun from baking, live music, outdoor cinema, sport, and much more!

Book your place at orientation.

Spaces are limited and will be allocated on a first-come, first-served basis.

You can find out more about The Students' Union, including sports clubs and societies, during freshers' Week. Visit The Students' Union website for more information.

Bristol – get to know your new city

Bristol is a city that's famous for its rebellious streak, independent thinking, and edgy creativity. With its beautiful historical buildings, fantastic shopping, vibrant festival celebrations, and diverse international cuisine it has won multiple awards and received national recognition. Bristol is a multicultural city and home to at least 45 religions, 187 countries of birth and over 91 languages. We're proud to be part of such multicultural and welcoming city.

Life in Bristol

Explore Bristol online via uwe.ac.uk/life/discover-bristol. Whatever you're looking for, you'll be sure to find something to suit you and get the most from your student experience. Join in, have fun and explore the great opportunities with us. Find out the wonderful things that make Bristol the best city in the UK on visitbristol.co.uk/bristol650.

UWE Bristol is one of the diverse universities in England. It admits students from almost every part of the world. I found the lecturers and course staff very friendly and approachable. They always made sure that students could easily contact them when it was necessary and always provided a high level of support. UWE Bristol was my home away from home as I met wonderful people that were like my family.”

Mariam Afiwuaku, Ghana

Don't forget

The UWE Student Life team is here to help you feel at home at UWE Bristol.

From quizzes to cooking workshops, bingo to fitness classes, games nights to free food extravaganzas.

Finding your new home in Bristol

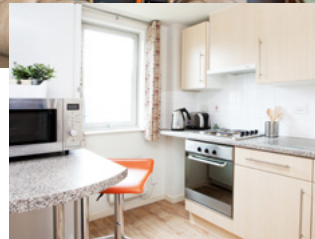

Bristol is a big student city and there is a lot of student accommodation, but knowing where to look can be a bit tricky when you are overseas. The UWE Studentpad is an online accommodation platform to help you in your search for student houses, flats, and rooms to rent in Bristol and the surrounding areas.

uwestudentpad.co.uk/accommodation

Student storage

The university doesn't have its own storage for students but there are local couriers who can easily help with moving your belongings to your new accommodation.

Here is a helpful **guide** to help you get started with how to store your belongings and where to look for storage companies. Please note: UWE Bristol does not endorse any particular service.

Please note:

For further support to find out about accommodation options, visit **The Students' Union Advice Centre** and download their **International Student Accommodation Guide**.

You can also watch our private accommodation webinar for more information.

Orientation

The Global Student Support team have put together a schedule of events for new international students, so you'll have an opportunity to meet our team and other students as you start your life at UWE Bristol.

The Global Lounge is available weekly from 10:00 to 15:00 (UK time). This is a friendly space where the Global Student Support team together with Student Ambassadors will be available to help you with any enquiries you may have.

We can also signpost you to other services. Visit the Global Lounge to learn more.

Eating and food shopping

Living in a new country will take a bit of time to get used to! Knowing some of the basics will help you settle in quickly.

Eating on campus

All UWE Bristol food and retail outlets*, including vending machines, on all campuses are now cashless. This means that you will need a means of payment (for example credit/ debit card or Apple Pay) to make any purchases. If you do not have any other means to pay for essential items during your first few weeks of arrival, you can **purchase vouchers online**.

You can find a range of outlets conveniently located across all of our campuses on our map. Whether you want a hot main meal or a quick snack, to meet a friend for coffee or unwind with a post-study drink, we've got you covered. [uwe.ac.uk/about/services/hospitality](https://www.uwe.ac.uk/about/services/hospitality)

Food boxes

You can order your Food boxes to be delivered to your UWE Bristol accommodation to make shopping easy for you. [store.uwe.ac.uk/product-catalogue/catering/student-delivery-boxes-new/food-boxes](https://www.uwe.ac.uk/product-catalogue/catering/student-delivery-boxes-new/food-boxes)

*The Students' Union shop on all campus will accept cash payment.

Online food shopping for students living off-campus

There are many ways to get food or essentials delivered to your door.

Supermarkets that offer contactless deliveries include:

- Tesco ([tesco.com](https://www.tesco.com))
- Sainsburys ([sainsburys.co.uk](https://www.sainsburys.co.uk))
- Ocado ([ocado.com](https://www.ocado.com))
- Iceland ([iceland.co.uk](https://www.iceland.co.uk))
- Asda ([asda.co.uk](https://www.asda.co.uk))

Many restaurants offer delivery services. You will need to set up an account with a credit/debit card for payment. Most offer contactless deliveries, which can be requested on the app.

- Just Eat ([justeat.co.uk](https://www.justeat.co.uk))
- Uber Eats ([ubereats.com/gb](https://www.ubereats.com/gb))
- Deliveroo ([deliveroo.co.uk](https://www.deliveroo.co.uk))

You can also find **International food stores** in the city, most of which are easily reachable from UWE Bristol campuses.

Important to know

Attending your course

It is a condition of a Student visa to attend your course, your attendance will be monitored through MyAttendance so you need to make sure you attend and log your attendance. There is more information about MyAttendance [here](#).

Council tax

Council tax is charged by the local council. You won't normally be charged council tax if you are a full-time student on a course of one year or more, or if you live in university accommodation and your course is less than one year. More information available on the [webpage](#).

If you arrive in the UK before the start of your course, you may be charged council tax until your course starts.

TV licence

If you are going to watch live television (whether it's on a TV, tablet or laptop) or BBC programmes via iPlayer, you will need a TV licence.

You can apply for one online. It costs £169.50. If you watch TV without a licence, you could be fined up to £1000. Find out more information about TV licensing [here](#).

TIP:

You can buy an NUS (National Union of Students) TOTUM discount card to save money on bus fares, cinema tickets, high street stores and restaurants at totum.com

Getting a UK mobile number

You may find buying a UK mobile/SIM card is more economical than using your home mobile. There are many mobile phone companies in the UK. Some companies specialise in international calls and you can compare the market on **Save the Student**.

'Pay as you go' allows you to top-up your credit as and when you need it without a contract. You can buy credit online, in shops and through ATM machines ('cash points').

A contract phone/SIM card means you pay a set amount each month for phone calls/texts/internet usage. If you go over your allowance you will have to pay extra. Once agreed, a contract can't be cancelled and you must pay this bill until your contract expires. Find out more information on SIM cards **here**.

If you are calling a UK phone number from an international SIM, you must use the country code "+44" and remove the 0 at the front of the phone number. If you are calling a UK number from a UK SIM, you can simply dial the number as you see it – for example 0117 32 82750.

Medical care

Medical care through the National Health Service (NHS) is mostly free if your course lasts longer than 6 months.

You are entitled to:

- Free access to doctors.
- Free hospital treatment.
- Fixed charges for medicines.
- Fixed charges for dentistry and opticians.

Further information about your entitlement to NHS care is available on the **UKCISA website** (search for 'health and healthcare').

If a doctor prescribes a medicine to you, you can get this sent to a **local pharmacy for collection**.

In England, prescriptions cost £9.90 per item unless you fall into one of these categories. See the **NHS website**.

If you're on a course less than 6 months, you'll need to arrange private health insurance as you will not be eligible to use NHS services. **Money Saving Expert website**, gives you more information on this.

Hospital treatment

If you're referred to a hospital by your doctor, treatment is free. You might have to pay a fixed fee for prescription medicines.

Sometimes there can be long waiting lists for hospital treatment (unless it is an emergency), so you may have to wait to be treated in your home country.

NHS charges for medicine, dentistry and opticians

Most people over 19 are charged for medicines, dentistry and optician services.

You may be able to claim help with these costs if you have a low income by completing an HC1 form. HC1 forms are available online. Just Google 'HC1'.

What to do in an emergency

If there's an emergency on campus call **0117 32 89999** (available 24/7, every day of the year). Save this number in your phone.

We'll send staff to help and we'll call the emergency services for you so they can find you quickly.

If you're off campus, call **999** and ask for the police, fire service or an ambulance.

The Accident and Emergency (A&E) Department at Southmead Hospital is open 24 hours a day. You should only go there for **emergency** treatment for serious illness or injury.

If you're not sure if you should go to A&E or not, call **111** (the NHS non-emergency number) for free medical advice.

If it's not an emergency

If you need medical care but it's not an emergency, you have a number of options:

- Visit your local pharmacy (find your nearest one at [nhs.uk](https://www.nhs.uk)).
- Make an appointment with your doctor.
- Visit a NHS Walk-in Centre. The nearest one is Broadmead Medical Centre, 59 Broadmead, Bristol BS1 3EA.
- Call **111**, the NHS non-emergency phone number. It's open 24/7, every day. They'll tell you what to do next.

For non-urgent police matters (e.g. reporting stolen goods or lost property), call **101**. They can also tell you where your nearest police station is. Further information is available on our [webpage](#).

Studying

Our style of teaching and assessment may be different to what you're used to.

During your course, you'll be expected to increase your knowledge of specialist subject areas whilst developing skills in research, independent study and critical thinking.

These skills will help you to form your own opinions which you will be asked to share in lectures, tutorials and assessments. Don't be afraid to speak up and get involved in discussions – lecturers want to hear your thoughts and ideas!

Academic Personal Tutors

Your Academic Personal Tutor will review your academic progress and identify goals so that you can get the most out of your studies. You'll meet them several times during your first year.

They will also be able to provide you with a reference to help with job applications or further study. **[uwe.ac.uk/study/study-support/academic-personal-tutor-programme](https://www.uwe.ac.uk/study/study-support/academic-personal-tutor-programme)**

MYUWE and Blackboard

MYUWE is your student online portal. You'll use it to access Blackboard, teaching and exam timetables, your university emails and your library account.

Blackboard is where you'll find everything to do with your course, including module handbooks and lecture notes.

my.uwe.ac.uk

TIP:

As a condition of your visa, you must make sure all your contact details on myUWE are up-to-date at all times.

Check your university emails

Now you're a student with us, we'll only email your university email account. It's where we send messages about your course, visa check in and your weekly student newsletter.

Make sure you check your emails regularly. You can set them up on your phone (there are instructions on the University website about how to do this). You can also follow our dedicated instagram account **UWE Bristol Global** for all the latest information and what's happening on campus.

English language support

If you need some extra support with your English, we can help.

We run writing and grammar courses if you want to improve your academic writing.

We also run an Advanced English Language course if you want to improve your reading, writing, listening and speaking skills. These courses are free.

You can also try attending our online tutorials. uwe.ac.uk/study/study-support/study-skills/online-learning

Library services

Our libraries have a range of resources for your subject: books, e-journals, past exam papers, referencing advice and more. uwe.ac.uk/study/library

Librarians will help you find what you need, or you can use the online 'Ask a Librarian' service. It's available 24/7 – perfect for quick questions.

The Library also hosts study skills workshops all year-round to help you improve skills you're struggling with.

uwe.ac.uk/study/study-support/study-skills/library-study-skills-support

Attendance

It's important that you attend all of your timetabled lectures and tutorials, even if they clash with important events like Lunar New Year or Tết Nguyên Đán.

If you travel back to your home country during term-time, you'll miss teaching and you might fall behind with your studies.

If you need help with your course, ask!

Your lecturers and tutors will give you lots of guidance throughout your studies.

We also have support and resources to help you develop the skills you need to succeed.

If you're struggling with your course or anything to do with university life, please ask for help from one of our **Student Support Advisors** who will be able to advise you with any academic and course related queries. There's lots we can do to make things better for you uwe.ac.uk/studysupport

We also have **Student Experience Coaches** who can help support your university experience outside of the classroom, from balancing your home and student life to building confidence or even changing direction.

Student support

We offer a wide range of services to help sure you stay happy, healthy and supported during your time with us. There's someone you can talk to at almost any time of the day or night.

Whether it's about money, your visa, your course, your wellbeing or something else, we have someone who can help.

Information Points

Whatever your question, ask an Information Point. They can answer your question or point you in the direction of someone who can. There are Information Points on each campus.

Email: infopoint@uwe.ac.uk

Call: 0117 32 85678

Working during your studies

Before securing employment while you study, ensure you have the right to work in the UK. You'll need to check the number of hours you're entitled to work during term-time and during the holidays. Full information can be found on our webpage.

Finding a job

You'll find lots of resources on our **Careers Toolkit** to help you write a CV, complete job applications and get ready for interviews.

Our Careers team offer **drop-in appointments** across UWE Bristol campuses which are a great starting point to help you identify the most useful resources or other appropriate support from our service to meet your needs.

We also have dedicated careers support for international students who are looking to gain work experience – **visit the website** for more information.

The Students' Union JobShop is a great way to find flexible part-time work which fits around your studies. You can set regular alerts by email for weekly emails to find out about new vacancies.

You can also find vacancies through InfoHub, our online careers portal.

National Insurance number

If you want to start working, you'll need to apply for a National Insurance number. You can do this by calling **0345 600 0643** or online via **gov.uk/apply-national-insurance-number/how-to-apply**. You may need to attend an interview.

You'll only be issued a National Insurance number if you have the right to work in the UK.

The International Talent Scheme

Our **International Talent Scheme** helps you develop your employability skills and gain work experience.

Opportunities include translating and interpreting, providing cultural advice, identifying new markets and liaising with overseas suppliers, clients and customers.

You can sign up for alerts to find out about new opportunities.

Travel and transport

Local buses

All of our campuses have great bus links to the city centre and wider region. You can plan your route by using the Travelwest journey planner at **travelwest.info**

You can also download the UK Bus Checker app so you know when the next bus will arrive and where it's going.

TIP:

To catch a bus in the UK, you need to hold out your hand at the bus stop so that the driver can see you want to get on.

The **Bike Loan Scheme** is an initiative which aims to keep you active and also helps you to reduce your impact on the planet. With the scheme, you hire a bike to use for the year, which must be returned to The Students' Union at the end of each academic year.

The bike loan includes a D lock to keep your bike secured and a set of lights to make sure you are safe and visible on the roads.

E-bikes and E-scooters

The eco-friendly eBikes and eScooters scheme are designed to boost green employment opportunities and reduce congestion to the city. Take a look at the **Travel West website** for alternative modes to travel.

Travelling around the UK by coach

Frenchay campus has its own main coach services bus stops that connect Bristol to rest of the UK:

- **Megabus** – these leave from the East Entrance on our Frenchay Campus and the city centre.
- **National Express** – these leave from Bristol city centre bus station and main campus bus stops. Students can also save up to 30% with a **Young Person's coachcard**.
- **FlixBus** – These leave from UWE Frenchay Campus entrance, and 'UWE The Gardens'.

Travelling around the UK by train

The two main train stations in Bristol are Bristol Parkway (near our Frenchay Campus – there is a direct bus) and Bristol Temple Meads (in city centre).

Sustainable transport and travel

UWE Bristol is working hard to creating active, integrated travel, accessible to all students and staff. There are lots of eco-friendly options for getting to and from campus, and you can help make a real difference by making more sustainable travel options.
